

Foundry Consultancy with Simulation Services

Aiding your vision to have a world-class foundry practice at affordable cost.

Improve your profitability with our help on the following:

1. Better yield with optimum riser dimensions
2. Minimise casting defects with better methoding using simulation
3. Attempt complex castings for higher profitability
4. Faster production with 50% reduction in development time
5. Controlling rejections

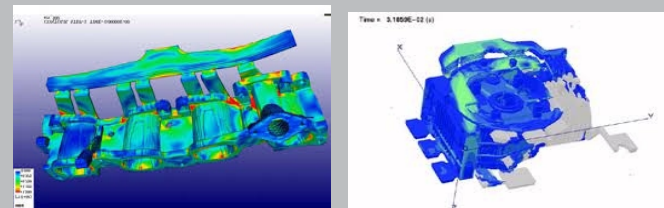

Foundry Expertise + Casting Simulation

- Pay per Use
- Affordable
- Understanding your shop-floor language
- Foundry Expert as Interpreter
- Practical Solutions
- Adstefan - world's fastest casting simulation software from Hitachi
- Adstefan - No. 1 casting simulation software in Japan
- Faster simulation ----> better methoding in lesser time
- Knowledge of Foundry best practices

About Dr. V. P. Gupta

- Well known foundryman of North and Western India
- Over 50 years of experience in all areas of Foundry Technology
- Operates own foundry for quality auto castings and engaged in consultancy for foundries.
- Graduate of IIT Kharagpur
- Worked with Tata Motors and DCM Engineering Products
- Super specialised in the area of quality control, production, project management and costing

About Kadkraft

- Over 25 years of industry experience
- Provide solutions for CAD/CAM, simulation of forging, welding & casting processes, alloy properties modelling and gearbox design
- Customer base of leading companies like Tata Motors, Mahindra, Escorts, Bajaj Auto, Hero, Daimler, Ashok Leyland, Maruti, Bhuwalka, Madura Steels, JMP Industries
- Simulation expertise coupled with Hitachi
