## Special Offer for Siemens Solid Edge with CAM Express!

Solution	Cost (INR)	Meant For
Solid Edge Foundation	1,65,000/-	Product design and sheet metal. (Product design made easy and affordable)
Solid Edge Classic	1,95,000/-	Industrial Machinery, deep-drawn sheet metal, Part level analysis. (Design machinery and calculate blank of sheet parts)
Solid Edge Foundation with CAM Express 3 axis milling	2,95,000/-	Part design with 2.5 to 3 Axis milling (World's leading CAM package made affordable)

### Terms and Conditions:

- First year AMC/ME&S is included
- GST@18% is extra
- Training charges at site for 3 days is Rs. 10,000/-

Contact : Rohit at 93161 72013 or Sourabh at 93161 72017 or call at 0172-266 1311  
 Email : solidedge@kadkraft.com

## Benefits

- Easy to use
- Freely edit CAD models of other software
- Best in sheet-metal modelling
- Unfold bend and deep-drawn sheet components
- Fantastic large assembly performance - can handle models containing over 100,000 parts
- Excellent marketing material using Keyshot
- Create parts in Assembly environment for fast GA to Design process
- Easily convert 2D to 3D
- Design faster using 3D driving dimensions
- Integrated CAM module for best-in-class machining
- Cloud based data storage and management tool
- Integrated reverse engineering feature
