Topics covered

- Design rules, fundamentals and differences to gear pair calculations
- Strength rating for bending, pitting, scuffing, tooth flank fracture and micropitting
- Strength, life, Miner rule, reliability
- Aspects of load sharing
- Line load distribution and lead modifications for $KH\beta$ validation
- Aspects of AGMA 6123 on planetary design
- KISSsoft usage
- Questions and Answer session

The seminar should be attended by

- ✓ Tractor industry, construction machinery
- ✓ Industrial gearbox designers, mill drives
- ✓ Aerospace
- ✓ Geared motors, actuators, gear-heads

Participation Fee

Participation Fee per participant	Rs. 7,500/- + 18%GST = Rs. 8,850/-
Discounted Fee for participants from companies which are under KISSsoft AMC	Rs. 3,750/- + 18%GST = Rs. 4,425/-

Registration
